

Is your payment process **SECURE?**

**22% OF COMPANIES HAVE NEVER CARRIED OUT
A RISK ASSESSMENT**

Are you one of them?

REDUCE YOUR RISK OF PAYMENT FRAUD:

Take the following steps
and be proactive.

CONTROL

Assign a process owner
for end to end responsibility

Document the process
so others can follow

Audit and benchmark the process
against best practices

CENTRALIZE

Harmonize your processes
throughout the group

Ensure visibility
over all accounts and users

Concentrate cash centrally
to avoid misappropriations

AUTOMATE

Automate file transfers
between financial and ERP systems

Automate manual processes
with robotic Process Automation

Use Machine Learning
to detect and flag payment anomalies

COST OF BEING REACTIVE

Email attacks
COST BUSINESSES \$3.1B

(2013-2016)

In 2016, merchants lost

> 1.4% OF REVENUES

to fraud

14% of victims

LOST > 1 MILLION DOLLARS
